Innumeracy John Allen Paulos 2011-04-01 Why do even well-educated people understand so little about mathematics? And what are the costs of our innumeracy? John Allen Paulos, in his celebrated bestseller first published in 1988, argues that our inability to deal rationally with very large numbers and the probabilities associated with them results in misinformed governmental policies, confused personal decisions, and an increased susceptibility to pseudoscience of all kinds. Innumeracy lets us know what we're missing, and how we can do something about it. Sprinkling his discussion of numbers and probabilities with quirky stories and anecdotes, Paulos ranges freely over many aspects of modern life, from contested elections to sports stats, from stock scams and newspaper psychics to diet and medical claims, sex discrimination, insurance, lotteries, and drug testing. Readers of Innumeracy will be rewarded with scores of astonishing facts, a fistful of powerful ideas, and, most important, a clearer, more quantitative way of looking at their world.

Or will personal shock cloud her mind and result in another tragedy?A unique slant on the traditional whodunit and the humour peppered throughout are what makes these books firm favourites with readers.

Daughters of the Revolution Carolyn Cooke 2012 When a clerical error allows the admittance of the first African-American girl into a segregated New England prep school, its headmaster is unprepared for a confrontation with the student, a brilliant and intractable fifteen-year-old.

Blown to Bits Harold Abelson 2008 Every day, billions of photographs, news stories, songs, X-rays, TV shows, phone calls, and emails are being scattered around the world as sequences of zeroes and ones: bits. We can't escape this explosion of digital information and few of us want-to-the benefits are too seductive. The technology has enabled unprecedented innovation, collaboration, entertainment, and democratic participation. But the same engineering marvels are shattering centuries-old assumptions about privacy, identity, free expression, and personal control as more and more details of our lives are captured as digital data. Can you control who sees all that personal information about you? Can email be truly confidential, when nothing seems to be private? Shouldn't the Internet be censored the way radio and TV are? Is it really a federal crime to download music? When you use Google or Yahoo! to search for something, how do they decide which sites to show you? Do you still have free speech in the digital world? Do you have a voice in shaping government or corporate policies about any of this? Blown to Bits offers provocative answers to these questions and tells intriguing real-life stories. This book is a wake-up call To The human consequences of the digital explosion.

The First Man Albert Camus 2012-08-08 Camus tells the story of Jacques Cormery, a boy who lived a life much like his own. Camus summons up the sights, sounds and textures of a childhood circumscribed by poverty and a father's death yet redeemed by the austere beauty of Algeria and the boy's attachment to his nearly deaf-mute mother. Published thirty-five years after its discovery amid the wreckage of the car accident that killed Camus, The First Man is the brilliant consummation of the life and work of one of the 20th century's greatest novelists. Translated from the French by David Hapgood. "The First Man is perhaps the most honest book Camus ever wrote, and the most sensual...Camus is...writing at the depth of his powers...It is a work of genius."--The New Yorker "Fascinating...The First Man helps put all of Camus's work into a clearer perspective and brings into relief what separates him from the more militant literary personalities of his day...Camus's voice has never been more personal."--New York Times Book Review

Memories, Dreams, Reflections C. G. Jung 2011-01-26 An eye-opening biography of one of the most
influential psychiatrists of the modern age, drawing from his lectures, conversations, and own writings. In the spring of 1957, when he was eighty-one years old, Carl Gustav Jung undertook the telling of his life story. Memories, Dreams, Reflections is that book, composed of conversations with his colleague and friend Aniela Jaffé, as well as chapters written in his own hand, and other materials. Jung continued to work on the final stages of the manuscript until shortly before his death on June 6, 1961, making this a uniquely comprehensive reflection on a remarkable life. Fully corrected, this edition also includes Jung's VII Sermones ad Mortuos.

Historical Painting Techniques, Materials, and Studio Practice Arie Wallert 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

The Riviera Affair J. New 2018-08-13 The glamour of the French Riviera quickly turns sour as Ella is caught up in an investigation which will have repercussions on both sides of the channel. But has she finally met her match? When her mother telephones from France with news of her imminent arrest, Ella along with her aunt and an eccentric friend rush to her aid. But what starts as a simple disappearance quickly turns to murder and Ella finds herself embroiled in a mystery which is far more complex than she'd anticipated. In a foreign land where she doesn't speak the language, has no jurisdiction and doesn't know who to trust, Ella has to call upon all her usual skills and devise new ones in order to flush out the adversary in their midst. But will she be in time to save the life of the man she came to find? 'The Riviera Affair' is set in 1930's England, and is the fourth of The Yellow Cottage Vintage Mystery series. 'Miss Marple meets The Ghost Whisperer' - Perfect For Fans of Golden Age Murder Mysteries, Cozy Mysteries, Clean Reads and British Amateur Sleuths

The Center Cannot Hold Elyn R. Saks 2007-08-14 A much-praised memoir of living and surviving mental illness as well as "a stereotype-shattering look at a tenacious woman whose brain is her best friend and her worst enemy" (Time). Elyn R. Saks is an esteemed professor, lawyer, and psychiatrist and is the Orrin B. Evans Professor of Law, Psychology, Psychiatry, and the Behavioral Sciences at the University of Southern California Law School, yet she has suffered from schizophrenia for most of her life, and still has ongoing major episodes of the illness. The Center Cannot Hold is the eloquent, moving story of Elyn's life, from the first time that she heard voices speaking to her as a young teenager, to attempted suicides in college, through learning to live on her own as an adult in an often terrifying world. Saks discusses frankly the paranoia, the inability to tell imaginary fears from real ones, the voices in her head telling her to kill herself (and to harm others), as well as the incredibly difficult obstacles she overcame to become a highly respected professional. This beautifully written memoir is destined to become a classic in its genre.

The Ladies' Book of Etiquette, and Manual of Politeness Florence Hartley 1876 Personal History Katharine Graham 2018-03-29 As seen in the new movie The Post, directed by Steven Spielberg and starring Meryl Streep, here is the captivating, inside story of the woman who piloted the Washington Post during one of the most turbulent periods in the history of American media. In this bestselling and widely acclaimed memoir, Katharine Graham, the woman who piloted the Washington Post through the scandals of the Pentagon Papers and Watergate, tells her story - one that is extraordinary both for the events it encompasses and for the courage, candour and dignity of its telling. Here is the awkward child who grew up amid material wealth and emotional isolation; the young bride who watched her brilliant, charismatic husband - a confidant to John F. Kennedy and Lyndon Johnson - plunge into the mental illness that would culminate in his suicide. And here is the widow who shook off her grief and insecurity to take on a president and a pressman's union as she entered the profane boys' club of the newspaper business. As timely now as ever, Personal History is an exemplary record of our history and of the woman who played such a shaping role within them, discovering her own strength and sense of self as she confronted - and mastered - the personal and professional crises of her fascinating life.

Babayaga Toby Barlow 2013-08-06 By the author of Sharp Teeth, a novel of love, spies, and witches in 1950s Paris—and a cop turned into a flea Will is a young American ad executive in Paris. Except his agency is a front for the CIA. It's 1959 and the cold war is going strong. But Will doesn't think he's a warrior—he's just a good-hearted Detroit ad guy who can't seem to figure out Parisian girls. Zoya is a beautiful young woman wandering les boulevards, sad-eyed, coming off a bad breakup. In fact, she impaled her ex on a spike. Zoya, it turns out, has been a beautiful young woman for hundreds of years; she and her far more traditionally
witchy-looking companion, Elga, have been thriving unnoticed in the bloody froth of Europe's wars. Inspector Vidot is a hardworking Paris police detective who cherishes quiet nights at home. But when he follows a lead from a grisly murder to the abode of an ugly old woman, he finds himself turned into a flea. Oliver is a patrician, fun-loving American who has come to France to start a literary journal with the help of friends in D.C. who ask a few favors in return. He's in well over his head, but it's nothing that a cocktail can't fix. Right? Add a few chance encounters, a chorus of some more angry witches, a strung-out jazzman or two, a weaponized LSD program, and a cache of rifles buried in the Bois de Bologne—and that's a novel! But while Toby Barlow's Babayaga may start as just a joyful romp though the City of Light, it quickly grows into a daring, moving exploration of love, mortality, and responsibility.

Revolutionary Road Richard Yates 2000 The devastating effects of work, adultery, rebellion, and self-delusion slowly destroy the once successful marriage of Frank and April Wheeler, a suburban American couple. Reprint. 12,500 first printing.

The Prince of West End Avenue Alan Isler 1996 In the Emma Lazarus retirement home in uptown Manhattan, the Jewish inmates embark on a chaotic, bitchy production of Hamlet. Comedy and tragedy combine as our hero, Otto Korner, directs his quirky, libidinous fellow residents in the play and looks back over his adventures in Germany, Zurich, (where he met Lenin and inadvertently invented Dada), Auschwitz and America. Winner of the National Jewish Book Award and finalist for the National Book Critics Circle Award.

Love in the Time of Cholera (Illustrated Edition) Gabriel García Márquez 2020 Set on the Caribbean coast of South America, this love story brings together Fermina Daza, her distinguished husband, and a man who has secretly loved her for more than fifty years.

One for the Money D. B. Borton 2020-12 "Suspicion is second nature to any woman who's raised three kids." After decades of marriage, motherhood, and grandmotherhood, Cat Caliban is looking for a new career. Detective work seems a logical choice. So, she sells her suburban house, buys an apartment building in a "transitional" neighborhood, and begins her training, only to discover a dead body in an upstairs apartment. What's the connection between a murdered homeless woman and the Golden Age of Hollywood silent movies? Cat races to discover it before the killer can strike again. In this first book of the popular Cat Caliban series, Cat assembles her colorful cast of helpers and neighborhood hangers-on.

In Hitler's Shadow Tim Heath 2018-04-30 From the author of Hitler's Girls comes the revealing true story of the aftermath of WWII—told by the Third Reich's fallen "Angels of Death" themselves. In the wake of Germany's unconditional surrender in May 1945 and Japan's subsequent surrender later that July, the Allied press proclaimed across the world "Victory! War is Over!" The truth for many Germans, particularly the teenage girls of the former Bund Deutscher Mädel, was that a new war was just beginning. They were members of the League of German Girls—ten to eighteen-years old—who had been indoctrinated and trained as armed "she-devils" of the Third Reich. Drawing on eyewitness accounts, diary entries, and rare interviews with nearly forty members of the BDM, historian Tim Heath reveals the post-war hopes, horrors, and confusion through the eyes of the female wing of Hitler Youth. He recounts their struggle to rebuild their lives destroyed by years of war, and how a country, and these young women, came to terms with the terrible war crimes they were party to. Through these "interesting and sometimes horrifying accounts of how these women fared in the dying days of the Reich and in post-war Germany," in Hitler's Shadow sheds light on one of the darkest times of the twentieth century (Historical Novel Society).
Jews during the Nazi occupation of Holland. Then a trap brought about the family's arrest. Could God's love shine through, even in Ravensbruck?

Women, Race, & Class Angela Y. Davis 2011-06-29 From one of our most important scholars and civil rights activist icon, a powerful study of the women’s liberation movement and the tangled knot of oppression facing Black women. “Angela Davis is herself a woman of undeniable courage. She should be heard.”—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacist for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women’s rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger’s racism.

Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

The Restoration of Engravings, Drawings, Books, and Other Works on Paper Max Schweidler 2006 Ever since its original publication in Germany in 1938, Max Schweidler's Die Instandsetzung von Kupferstichen, Zeichnungen, Buchern usw. has been recognized as a seminal modern text on the conservation and restoration of works on paper. This volume, based on the authoritative revised German edition of 1950, makes Schweidler's work available in English for the first time, in a meticulously edited and annotated scholarly edition. An extensively illustrated appendix presents case studies of eleven Old Master prints that were treated using the techniques Schweidler discusses.

A Friend in Paradise Des Hunt 2017-09 "Set near Opotiki in the Bay of Plenty NZ. A boy grieving after the death of his father discovers a living giant gecko Hoplodactylus delcourtii thought to be extinct for more than 100 years. The gecko gives birth to three babies. The family is first threatened by a 1080 drop then by a flood. Wildlife smugglers looking for kiwi find the family and steal them. GPS tracking allows the boy to follow the smugglers to White Island. While there, an earthquake triggers a lahar which traps the smugglers and allows the boy to escape. The geckos are recovered. The Information James Gleick 2011-03-01 From the bestselling author of the acclaimed Chaos and Genius comes a thoughtful and provocative exploration of the big ideas of the modern era: Information, communication, and information theory. Acclaimed science writer James Gleick presents an eye-opening vision of how our relationship to information has transformed the very nature of human consciousness. A fascinating intellectual journey through the history of communication and information, from the language of Africa's talking drums to the invention of written alphabets; from the electronic transmission of code to the origins of information theory, into the new information age and the current deluge of news, tweets, images, and blogs. Along the way, Gleick profiles key innovators, including Charles Babbage, Ada Lovelace, Samuel Morse, and Claude Shannon, and reveals how our understanding of information is transforming not only how we look at the world, but how we live. For Her Own Good Barbara Ehrenreich 2013-10-02 This women's history classic brilliantly exposed the constraints imposed on women in the name of science and exposes the myths used to control them. Since the the nineteenth century, professionals have been invoking scientific expertise to prescribe what women should do for their own good. Among the experts' diagnoses and remedies: menstruation was an illness requiring seclusion; pregnancy, a disabling condition; and higher education, a threat to long-term health of the uterus. From clitoridectomy to tame women's behavior in the nineteenth century to the censure of a generation of mothers as castrators in the 1950s, doctors have not hesitated to intervene in women's sexual, emotional, and maternal lives. Even domesticity, the most popular prescription for a safe environment for woman, spawned legions of “scientific” experts. Barbara Ehrenreich and Dierdre English has never lost faith in science itself, but insist that we hold those who interpret it to higher standards. Women are entering the medical and scientific professions in greater numbers but as recent research shows, experts continue to use pseudoscience to tell women how to live. For Her Own Good provides today's readers with an indispensable dose of informed skepticism.
