The Daily Show (The Book) Chris Smith 2016-11-22
NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today’s most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show’s behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers-including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell - plus some of The Daily Show’s most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show’s highlights, from its origins as Comedy Central’s underdog latenight program to Trevor Noah’s succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics-a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O’Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show’s seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America’s most groundbreaking shows.

Creativity on Demand Michael J. Gelb 2014-09-01
Do moments of inspiration have to be few and far between—or can you develop the ability to access your deepest creativity at any time? Michael Gelb has discovered the missing key that allows genius to flourish: an open, reliable connection to the vital life energy we all possess. “The practices for accessing energy have been developed for thousands of years in yoga, martial arts, and Chinese medicine,” Gelb says. “I’ve asked today’s greatest living masters of these arts to contribute their most effective practices for cultivating creative energy—in a way that the average person can do in 20 minutes or less.” With Creativity On Demand, Gelb teaches a series of time-tested practices to clear blockages and open the flow of creative energy, then reveals how these techniques can be integrated with the renowned creative mindset and creative process tools he’s taught to individuals and organizations worldwide. Join him as he shares potent secrets for: Mastering
creative energy—discover qi, the “fire of genius,” and learn movement-based practices to amplify it. Mastering creative mindset—how to break out of conventional thinking and fear-based limitations to unleash your potential. Mastering the creative process—guidance to help you channel your creative energy, refine your ideas, and translate inspiration into reality. Effective, easy-to-learn techniques and strategies for accessing the power of qi and creating a reservoir of creative energy you can rely on when you need it. "Creative energy is a resource that doesn’t get depleted when you use it,” teaches Michael Gelb. “Rather, the more you access it, the stronger it becomes. With an investment of less than half an hour a day, you’ll discover that within a few months you’ve significantly strengthened your core creative energy.” Here is Michael Gelb’s most powerful work yet on unlocking our potential to innovate, achieve, and access our Creativity on Demand.

Awakening Your Inner Genius

If you’d like to know what some of history’s greatest thinkers and achievers can teach you about awakening your inner genius, and how to find, follow, and fulfill your journey to greatness, then you want to read this book today. You can score in the highest ranges of IQ...and fail to succeed in life. You can work incredibly hard...and never realize your dreams. You can stumble across beautiful opportunities...only to watch them wither and die. There’s something else--something considered unfathomable by many--that lies behind greatness. And in Awakening Your Inner Genius, you’re going to be taken on an adventure to discover what that is, and how you can use it to transform your life. You see, genius is a path, not a gift. Studies of history’s greatest geniuses have shown that there is a "genius code," if you will. A combination of very specific traits that we can develop in ourselves, and thus, operate at a genius level. In this book, you’re going to learn things like... Why IQ, opportunities, and working toward that magical goal of 10,000 hours don’t comprise the whole story of great achievers, and what else is needed to walk in the footsteps of our greatest geniuses. How to view and deal with the world as Leonardo da Vinci did, and embrace the one trait that most accounted for his incredible genius and talents. Lessons from Nikola Tesla on why imagination is so vital to awakening your inner genius, and insights into the real "secret" to creativity, as explained by people like Jobs, Picasso, Dali, and Twain. How Thomas Edison was able to go from a mischievous academically challenged kid to the world’s most successful inventor, and how you too can formulate and realize goals like he did. The secret to Alexander the Great’s superhuman drive and work ethic, and how you can inspire yourself to pursue your own goals and dreams with the same vigor and tenacity. What geniuses like Elizabeth I can teach you about the importance of individualism in your journey to greatness, and how to strengthen your will to break away from conventions, ignore the naysayers, and stay true to your vision and principles. How Hippocrates’ epic quest to reform medicine in ancient Greece was fueled by his unparalleled judgment, and how you too can sharpen your ability to make the right decisions at the right times and thus move closer to your dreams, one good call at a time. And much, much more... Imagine for a moment how this could change your life. If you dream of escaping the nine-to-five and striking out on your own, imagine if you knew with certainty that you would succeed. If you don’t like where some aspect of humanity is going, imagine if you could do something amazing about it. If you have a stubborn desire to reach out into our culture and write "I was here," imagine if nothing could stop you. So, is the journey to genius right for you? Well, ask yourself the following questions. Who are you, really, and what are you really capable of? What is your calling, and what might happen in the world if you found out? If these questions ignite a spark of curiosity in you, then empower yourself to explore their meaning and magnitude. Read this book today and discover...
what it really takes to find and follow your bliss, and how to use the lessons passed down to us by some of history’s greatest geniuses to systematically rise to top of your fields, activities, and endeavors. **The Code of the Extraordinary Mind** Vishen Lakhiani 2019-12-31 Everything we know about the world today follows an invisible set of rules—how we work, love, parent, spend our money, and define success. But what if we could remove these outdated ideas and start anew? What would our lives look like if we could redefine the meaning of happiness, purpose, and success? The Code of the Extraordinary Mind blends computational thinking, integral theory, modern spirituality, evolutionary biology, and a little bit of humor to provide a revolutionary framework for re-coding ourselves with new, empowering beliefs and behaviors so we can live extraordinary lives. Throughout, Vishen Lakhiani shares transformative insights from legendary thinkers including Elon Musk, Richard Branson, and Arianna Huffington, among others, helping us to think like the greatest creative minds of our era—questioning, challenging, and creating new rules for our lives. Lakhiani’s 10 laws help us retrain our minds to grow and achieve more than we ever thought was possible, showing us that we do not need to follow convention and can succeed on our own terms no matter where we are starting from.

**Thought Revolution - Updated with New Stories** William A. Donius 2014-08-26 Explains the science behind nondominant-hand writing and teaches readers how to use the technique in daily life. **The Breakthrough Experience** Dr. John F. Demartini 2002-03-01 This book is about breaking through the barriers that keep us from experiencing our true nature as light. It presents inspiring science and philosophy in a way that is completely accessible to anyone, to reveal and explore the universal laws and principles that underlie our very existence. Those principles are set forth in extraordinary but true stories of ordinary people having astonishing and moving life experiences, and they make the most profound concepts easily understood. Most important, it is an extremely real and practical manual for understanding why we live the way we do, and how to transform our lives into our highest vision. You will learn a formula to manifest your dreams, discover the secrets of opening your heart beyond anything you have imagined, find out how to increase love and appreciation for every aspect of your life, receive profound insights on how to create more fulfilling and caring relationships, reawaken your birthright as a true genius, transcend the fears and illusions surrounding the myth of death, and reconnect with your true mission and purpose on Earth. That is all true, but mainly, this book will deeply touch and inspire you with respect to your own greatness and potential—and the magnificence of every single human soul. This is not just a book, it is what the title implies—an Experience—and it is impossible to go through it without being moved, challenged, and changed. Welcome to . . . The Breakthrough Experience.

**Summary of Sean Patrick’s Awakening Your Inner Genius** Everest Media, 2022-05-10T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The law of diminishing returns applies to the relationship between IQ and success. When you compare two people of relatively high IQs, you can no longer predict success by IQ alone. The point is that you only have to be smart enough to fulfill the intellectual requirements for success. #2 The world of sports is a great example of how people who are considered superhuman abilities have actually had little or no innate advantage over their peers. They practiced so hard and intensely that it hurt. #3 The 10,000 hour rule states that it takes around ten thousand hours of focused, intentional practice to master a skill. However, there are millions of people who work incredibly hard, yet have little success to show for it. The opportunities presented to one are just as important to success as one’s own
innate talents. #4 The path to greatness is not a genetic windfall or divine gift. It is a path that we can all take and derive much benefit, happiness, fulfillment, and success from.

The Kabbalah of Light Catherine Shainberg 2022-06-28 • Shares 159 short exercises and practices to tap instantly into your subconscious mind and receive answers to your most important questions • Explains how to dialogue with and understand the imagery and metaphors that arise during these practices • Offers powerful practices to discover your areas of “stuckness” and quickly clear them, thus releasing past traumas and ancestral patterns and freeing the flow of the imagination for enhanced creativity and joy in life. In this step-by-step guide to kabbalistic practices to connect with your natural inner genius and liberate the light within you, Catherine Shainberg reveals how to tap instantly into the subconscious and receive answers to urgent questions. This method, called the Kabbalah of Light, originated with Rabbi Isaac the Blind of Posquieres (1160-1235) and has been passed down by an ancient kabbalistic family, the Sheshet of Gerona, in an unbroken transmission spanning more than 800 years. The modern lineage holder of the Kabbalah of Light, Shainberg shares 159 short experiential exercises and practices to help you begin dialoguing with your subconscious through images. The images that pop up during these practices are unexpected and revelatory, and she discusses how to open them to greater understanding. At first, they may show you aspects of yourself you don’t like. But seeing them serves as both a diagnosis and a direct path to transformation. Fast and simple, the practices can help you discover your areas of “stuckness,” release past traumas and ancestral patterns, free the imagination, and open the way to the bliss promised us in the Garden of Eden. Beginning this fertile dialogue with your inner world leads you to uncover your soul’s purpose and manifest your dreams in this world. Once your inner dream world and outer reality have merged, you will be able to see your superconscious—your soul’s blueprint—and experience the ecstatic illumination of a heart-centered life.

The New Feminine Brain Mona Lisa Schulz 2013-07-16 Ever wonder why most women can handle the kids and careers and the renovation but men can concentrate on either the newspaper or a game on TV? This is because female brains have more interconnections that allow them to multi-task and split their attention. The New Feminine Brain is the first book by a medical doctor, who is also a psychiatrist and a brain expert, to show how modern life challenges are physically rewiring the brain and to address the particular challenges that women face as a result. The female brain today is not your grandmother’s brain - it has even more connections and skills, but with that can come more physical problems, including an increase in attention and memory deficits and chronic mood and health conditions. The New Feminine Brain combines the insights of Dr Schulz’s research and stories of clinical experience as a neuropsychiatrist treating people with tough brain disorders with unique self-help and expert health advice. Readers will discover and cultivate their special genius and intuitive style with provocative self-tests, so they can hear and heal their depression, anxiety, attention, memory, and other brain problems. ‘Rewiring’ exercises, herbs and nutritional supplements will improve their physical, psychological and emotional health.

The Creative Cure Jacob Nordby 2021-02-16 “I’m just not that creative” is a common refrain in today’s society. But according to author and creative coach Jacob Nordby, nothing could be further from the truth. Every human being is creative, and having a regular creative practice is a vital key to a happy and fulfilling life. If we don’t exercise our creativity
regularly, our lives can feel dull, stagnant, and rote. Many people live this way and believe “this is just the way life is,” without realizing that developing a regular creative practice can be the cure to what ails them. Nordby knows this all too well. By the time he reached his mid-thirties, he was running a successful mortgage company and lived in a big house with fancy cars. But he felt like he was dying inside. Starting and maintaining a creative practice is what saved his life. Now, in this powerful book, he explains how he traded in his stagnant way of life for one full of meaning and purpose, and offers specific steps to help you build your own creative practice. The Creative Cure is a call for a revolution, fostering change where all change must begin: within. This internal change will allow you to express your own creative gifts, cultivate happiness, and experience the unique feeling of fulfillment that only a creative practice can offer. Packed with powerful, transformative exercises, this book is the medicine you need to find and reinvigorate your creative soul.

Awaken the Genius in Your Child
Shakuntala Devi
Genius is not a mysterious quality possessed by a few. Educators, psychologists and scientists acknowledge the value of early experience in shaping a lifetime of genius. The seeds of a great mind are sown in the talents and qualities parents nurture during infancy and childhood. This book will help you — the caring parent — combine the unique knowledge of your child’s personality with the latest research on how children learn at each age, to enable you help your children achieve his full potential. From infancy, pre-school and through school, at every stage, the book is designed to enhance your child’s concentration skills, problem-solving abilities, creativity, and honest motivation — the complex dynamics which will translate your child’s potential into a brilliant legal mind, a gifted surgeon or a path-breaking physicist.

Nikola Tesla
Sean Patrick 2013-03-18 If you want to learn about one of history’s most fascinating minds and uncover some of his secrets of imagination—secrets that enabled him to invent machines light years ahead of his time and literally bring light to the world—then you want to read this book. Imagination amplifies and colors every other element of genius, and unlocks our potential for understanding and ability. It’s no coincidence that geniuses not only dare to dream of the impossible for their work, but do the same for their lives. They’re audacious enough to think that they’re not just ordinary players. Few stories better illustrate this better than the life of the father of the modern world, a man of legendary imaginative power and wonder: Nikola Tesla. In this book, you’ll be taken on a whirlwind journey through Tesla’s life and work, and not only learn about the successes and mistakes of one of history’s greatest inventors, but also how to look at the world in a different, more imaginative way. Read this book now and learn lessons from Nikola Tesla on why imagination is so vital to awakening your inner genius, and insights into the real “secret” to creativity, as explained by people like Jobs, Picasso, Dali, and Twain.

Awakening Intuition
Mona Lisa Schulz 1999
Explains how to access intuition through the signals
given by one's body and feelings in order to attain maximum physical and psychological health.

**The Know Your Bill of Rights Book** Michael Matthews 2013-09-10

**Thought Revolution** William A. Donius 2012-03-13

Presents a technique of "intuitive" or "nondominant" hand writing as a means of unlocking the creative, subconscious powers of the brain's right hemisphere, allowing the mind to tap into problem-solving abilities and access inner wisdom.

**Awaken Your Divine Intuition** Susan Shumsky 2016 Rev. ed. of: How to hear the voice of God. c2008.

**The Genius Myth** Michael Meade 2016-05-18

**Awakening Your Child's Natural Genius** Thomas Armstrong 1991 Advises how children can achieve full potential through at-home activities and offers suggestions for expanding a child's natural and often unrecognized ability.

**Genius Matters** Angela Maiers

**Alexander the Great** Sean Patrick 2013-05-13 If you want to learn about one of history's greatest military commanders and uncover some of his secrets of drive—drive that enabled him and his small army to first subdue all of Greece and then the mighty Persian Empire—then you want to read this book. Some people like to think that geniuses are so inherently extraordinary that they navigate their journeys with clairvoyant ease. This simply isn't true. Greatness does not come lightly. It requires that you make sacrifices of time, interests, and—sometimes—possessions. The further you move toward greatness, the more greatness demands from you. But all barriers yield to one mythical quality: drive. The will to persist and overcome. To never give up. To never accept defeat. Few stories better illustrate this better than the life of one of the most extraordinary warriors the world has even known; a man of legendary ambition, will, and grit: Alexander the Great. In this book, you'll be taken on a whirlwind journey through Alexander's life and conquests, and not only learn about the successes and mistakes of one of history's greatest conquerors, but also how to awaken a fire in your own life and adventures. Read this book now and learn lessons from Alexander the Great on why drive is so vital to awakening your inner genius, and learn insights into the real power of purpose, how to defeat the insidious force of "Resistance" that holds us back, and more.

**Awakening Genius in the Classroom** Thomas Armstrong 1998 "Every student is a genius," declares author Thomas Armstrong, and an educator's most important job is to discover and nurture the "genius qualities" that all students were born with but that may no longer be obvious. Urging readers to look beyond traditional understandings of what constitutes genius, Armstrong describes 12 such qualities: curiosity, playfulness, imagination, creativity, wonder, wisdom, inventiveness, vitality, sensitivity, flexibility, humor, and joy. He cites research in various fields that supports this broader understanding of genius and explains how influences in the home, the popular media, and the school itself "shut down" the genius in students. Combining thoughtful insights and practical information, Armstrong offers guiding principles to help educators awaken genius in the classroom—beginning with awakening the genius in themselves. Readers will find dozens of suggested activities and helpful resources to provide "genius experiences" and create a "genial climate" in the classroom. In addition, suggestions for further study at the end of each section provide starting points for personal and professional reflection and growth. As it celebrates the potential brainpower waiting to be unlocked in classrooms everywhere, Awakening Genius in the Classroom inspires educators to look at their students from a different perspective and to reinvigorate their teaching with a new sense of excitement and possibility. The result, Armstrong concludes, could extend far beyond the classroom and transform not only our schools, but the entire world.

**The 10-Second Philosophy** Derek Mills 2012-09-03
Everything was on a downward spiral in Derek
Mills' life - his work, his physical and mental
health, his relationships with family and friends.
But it only took one insignificant question from an
office security guard one night for Derek to stop,
connect deep within himself and in the next 10
seconds begin to see a way to change his entire life
completely. Over the next few years this led to him
making amazing changes that created balance and
harmony in all areas of his life, becoming a
millionaire businessman and developing and sharing
his methodology, The 10-Second Philosophy®, in
front of international audiences as a speaker and
couch. In this book, Derek invites you to use the
words, phrases and questions we encounter in our
everyday lives to stop, go inside and access our
TrueSelf. From this place, we can set Standards® -
not goals - for all areas of our life, to experience the
same amazing transformation that he did. With
stories, philosophy, exercises and quotes, this is a
book of practical enlightenment from a man who
became an unintentional guru for many people
when they started asking how he changed his life
around and how they could too. This is his story so
far and it can be the doorway to your own journey
of change and instant success.

**Ignite Your Inner Spirit** J. B. Owen 2020-11-04
Our imagination to create what's fun for us is unlimited
when we're children. Why stop because we're
physically grown up as adults? Answering our
unique inner calling and using our unique gifts and
talents for the world is what ignites us and makes
our spirit come alive. Ignite Your Inner Spirit, is
the upcoming breakthrough book of the Ignite
series. It brings together 35 authors sharing their
individual stories about the courage to listen to their
hearts and follow their dreams; guided only by
their inner knowing and trust in their gut feelings.
Their journey took them to unexpected self-
discovery and created a life that brings them joy.

They broke the social norms of what's success and
happiness are because they decided to define it for
themselves, on their own terms. These are the
rebels, nonconformists, radical thinkers, creative
artists, and outliers who took the road less traveled
and can light the way as torchbearers for others.
This book will encourage readers to follow their
intuition, give the courage to leave security, that is
not aligned with their spirit's calling, and honor
their sense of what's their soul's purpose to
contribute to others. Whether that contribution is to
their children by being a stay at home dad or mom
or being able to impact a billion people. These
stories will awaken and inspire readers to explore
how to listen to their own inner calling, how they
can stay on course, and be true to themselves with
their commitment by having daily habits and

**The Great Work of Your Life** Stephen Cope
2015-12-15 An inspiring meditation on living a
purposeful life by the director of the Institute for
Extraordinary Living at the Kripalu Center for
Yoga and Health draws on the wisdom of the
Bhagavad Gita to present the spiritually relevant
story of a young warrior in crisis and God in
disguise.

**Awakening the Natural Genius of Black Children**
Amos N. Wilson 1992 A guide for parents and
educators explains how to stimulate the curiosity
and nourish the spirits of young African American
children.

**Mathability** Shakuntala Devi Nothing is more
important. In today's increasingly complex and
technological world the most important thing you
can do for your child is to nurture mathability. It is
an attitude. Those who say that their child is poor at
maths' are doing themselves an injustice. They are
undermining the child's future. Mathability is a
skill that teaches a child how to think. Mathability is
a skill that develops the inherent intelligence
potential. It enhances problem solving abilities and
analytical focus. The methods and the techniques
are just as suitable for adults as for children. Indeed, many of the methods have altered the mindset even of senior executives and housewives. To something that is often subjected to complexity, confusion, and prejudices, Shakuntala Devi brings clarity, simplicity, and practicality. She corrects many of the generally held misconceptions and effectively demonstrates how mathability is an acquired skill. Nurture Mathability. Nurture Success.

**The Genius of Being** Peter Ralston 2017-02-28
Peter Ralston’s exceptionally lucid trilogy on the nature of human consciousness culminates here in The Genius of Being, a book of deep contemplations on the unseen elements that create our world. The first volume, The Book of Not Knowing, garnered much praise as a comprehensive exploration of the depths of self and consciousness. The second volume, Pursuing Consciousness, clarifies the difference between enlightenment and self-transformation, and then pairs these two goals in a strikingly effective way. This third book is both shorter and more complex, taking us straight to the heart of the origins of our experience. In a progression of illuminating assertions, Ralston shows us how human consciousness carves out distinctions from whatever is absolutely true. This dynamic not only generates both self and reality from nothing, it imbues them with the quality of objective truth. From the time we first distinguish between self and not-self as infants, we begin making a sequence of existential assumptions that result in the illusion that a self is some ethereal “object” within. This universally accepted assumption persists despite the failure of exhaustive investigations to locate this inner self. This book is not for the faint of heart or the casual seeker, but contemplating the assertions here empowers you to personally and experientially grasp what is rarely even glimpsed: a profound consciousness of the genesis of human experience.

**Brain Training** DK 2009-12-21 Brain Training is an easy-to-digest collection of puzzles and tips to help exercise the brain and keep the cognitive faculties razor-sharp. **Awaken Your Genius** Carolyn Elliott 2013-09-17 Do you have a nagging suspicion that you’re not living up to your creative potential? Do you feel hindered by the deeply embedded programming of social conformity and core limiting beliefs? Most of all, are you ready to shed those shackles and unleash the raging genius deep inside? In Awaken Your Genius, author Carolyn Elliott helps you do just that with a seven-step course that shows you how to live at your fullest creative potential and make manifest your deepest desires and dreams. In Step 1, Hearing the Heart’s Call, you’ll learn how to determine your true passions and create a vision for yourself at your most fully realized best. Step 2, Accepting the Call, helps you turn that vision into a commitment. Step 3, Meeting the Guide, opens the door to dialoguing with your inner mentor—the subconscious part of yourself that knows what’s missing and how to get it. Step 4, Crossing the Threshold, shows you how to let go of socially programed conformity and venture into your own personal imaginative dreamscape. Step 5, Enduring Trials, gives you tools and tips on navigating the inevitable obstacles that arise when doing this kind of transformational work. Step 6, Becoming Divine, shows you how to tune in to your most expansive,
unconditionally loving self, which in turn gives you the power to manifest your dreams and inspire those around you. Step 7, Taming Your Genius, shows you how to negotiate with your newfound genius—a mighty power to be reckoned with—so that it gets sustenance without becoming disruptive. Each step comes with excellent explanations of the powers at work, as well as assignments (called "experiments") and check-ins to make sure you’re keeping up with the previous steps. If you’re ready to unleash your inner genius and take your life by storm, Awaken Your Genius will put you on the path, give you the tools you need, and keep you sustained, inspired, and supported along the way. If you’re serious about cultivating your most imaginative, fearless, intuitive self, don’t miss this book.

William Whitecloud’s Secrets of Natural Success

William Whitecloud dispenses with the usual approaches of fixing, self-manipulation or relying on mystical forces to get ahead in life. Instead, he offers a highly original insight into how your level of creativity determines your level of natural success in life, and a step-by-step guide to unlocking and applying the dormant genius within each of us. With the same natural storytelling style of his best sellers, The Magician’s Way and The Last Shaman, Whitecloud transports you on an astonishing journey through the realms of consciousness responsible for the realities and outcomes you experience in life, and explains how to align yourself with those aspects guaranteed to deliver the end results you prefer. Traversing themes as diverse as the creative nature of consciousness, unconscious belief systems, personality types, perception vs. intuition, imagination, conscious choice and the role of conflict and emotion in creative awareness and follow through, you will acquire a phenomenally thorough and effective model for accessing your latent power and directing it in creating a life beyond belief. Based on a deep appreciation of human nature and potential, the premises within these pages serve as a creative master key, putting other learnings in perspective, and further empowering you with a masterful approach to everything you care about and undertake.

The 10-Second Philosophy®

Everything was on a downward spiral in Derek Mills’ life - his work, his physical and mental health, his relationships with family and friends. But it only took one insignificant question from an office security guard one night for Derek to stop, connect deep within himself and in the next 10 seconds begin to see a way to change his entire life completely. Over the next few years this led to him making amazing changes that created balance and harmony in all areas of his life, becoming a millionaire businessman and developing and sharing his methodology, The 10-Second Philosophy®, in front of international audiences as a speaker and coach. In this book, Derek invites you to use the words, phrases and questions we encounter in our everyday lives to stop, go inside and access our TrueSelf. From this place, we can set Standards® - not goals - for all areas of our life, to experience the same amazing transformation that he did. With stories, philosophy, exercises and quotes, this is a book of practical enlightenment from a man who became an unintentional guru for many people when they started asking how he changed his life around and how they could too. This is his story so far and it can be the doorway to your own journey of change and instant success.
