Turbocharging & Supercharging Alan Allard 1986 A joint project of the Industrial Relations Section, Princeton University, and the Industrial Relations Section,
Most enthusiasts have a strongly held opinion as to racing’s finest driver over the century of the motor car. By putting aside bias and personal opinion, this book’s exhaustively researched, results-based analysis provides a definitive answer through clear and logical evaluation. These carefully considered, significant statistics, when merged together, reveal with incisive objectivity motor sport’s greatest driver as well as the qualities that define greatness. Contentious? Possibly. Thought-provoking? Definitely. Author Angus Dougall captures many aspects of the motor racing world with a selection of revealing anecdotes on the highlights of racing’s biggest stars, together with stories that bring to life people, places, insider’s opinions of drivers, circuits, constructors, politics, insights, and comments on many of the drivers. For readers wishing to peruse the actual detail, there is a vast array of appendices displaying extensive race results lists, charts on driver
motor racing fans, climb on board and hold on for an intriguing ride to the pinnacle of greatness.

The Autocar 1986

Analecta Jim Whiting 2005 If you're looking for a trite phrase to describe the essence of this book, try "A trip down memory lane." It might be as apt as any. And Jim Whiting's Analecta fits that mold. His bittersweet telling of a childhood filled with sometimes warm and fuzzy anecdotes may trigger fond memories of your own younger days. The more unpleasant aspects of growing up are also visited here and these tales will have you grateful that your experiences--perhaps similar--are in the past . . . only to be remembered, sometimes painfully. Analecta begins at a critical point in the author's life. He is on the final lap of a solo car journey from upstate New York to Southern California. Six days ago he had left a life that had become routine, comfortable, and very much a part of himself--in retrospect, perhaps too much so. He would, in a matter of hours be reunited with his wife, who had taken a job a month prior, in Solana Beach. In New York State they had left behind four of five of their grown children and five grandchildren. He also left behind almost twenty-nine years in broadcasting and an overlapping career in cartooning--that's his resume. Flashbacks to his preteen years reveal a kid who shows very early entrepreneurial leanings. He has a tendency to want to "belong" but he has difficulty being at ease in belonging. Whiting touches on the uneasy relationship with his older brother (is that so different from many siblings have?) There are interludes about a twelve-year-old kid getting lost in on his first visit to New York City; a high school girl friend; Navy boot camp; magic in New Orleans; personalities in Radio; poems (some very good--some not so--but fun); observations made in classrooms, business offices, and on the tennis court. Don't look for gossip, accusations, or grievances;
none of them are in this book. It's definitely not a downer. Returning to Mell Lazarus's Introduction for a final note: "It's a great book! If you're like me, you'll love it. If you're not like me, you'll love it."

**Routledge Handbook of Global Sport** John Nauright 2020-01-03 The story of global sport is the story of expansion from local development to globalized industry, from recreational to marketized activity. Alongside that, each sport has its own distinctive history, sub-cultures, practices and structures. This ambitious new volume offers state-of-the-art overviews of the development of every major sport or classification of sport, examining their history, socio-cultural significance, political economy and international reach, and suggesting directions for future research. Expert authors from around the world provide varied
perspectives on the globalization of sport, highlighting diverse and often underrepresented voices. By putting sport itself in the foreground, this book represents the perfect companion to any social scientific course in sport studies, and the perfect jumping-off point for further study or research. The Routledge Handbook of Global Sport is an essential reference for students and scholars of sport history, sport and society, the sociology of sport, sport development, sport and globalization, sports geography, international sports organizations, sports cultures, the governance of sport, sport studies, sport coaching or sport management.
