The Schools White Paper 2010 - GOV.UK

from their top 5 per cent of graduates and Finland from the top 10 per cent. There is no question that teaching standards have increased in this country in recent decades and that the current cohort of trainees is one of our best ever. But we have much further to go. We have already increased investment in the fantastic Teach First
The great divergence - McKinsey & Company

— The banking industry now faces a great divergence. The gap in market-to-book ratio between top and bottom performers has widened. Today the spectrum runs from seven to well below 0.5 times. — The divergence is based in part on the geographies in which financial institutions operate, their relative scale, and their segment focus.
