The United States Army and Navy Journal and Gazette of the Regular and Volunteer Forces 1903 Hopeless But Not Serious Jack McLean 2013-08-21 In the early 1950s Sir Winston Churchill met the Irish politician and statesman Sean Lemass. It was a meeting of two great minds. Churchill was the quintessential statesman who was inspired by the economic circumstances of Britain at the time. ‘The situation in Great Britain,’ quoth Churchill in his most grandiloquent tones, ‘is serious but not hopeless.’ Lemass responded instantly, 'Sure,' he said, 'it’s exactly the opposite in Ireland.' Thus the title for Jack Mclean’s autobiography. It is a book about being born into the new world after the Second World War. McLean’s varied experiences during a time which shifted from the residue of pre-war attitudes to a change in global culture are chronicled, as are his relationships with a large number of the students who are now household names. McLean is suitably scathing about most of them. Equally so is his account of the next step in his career - the turbulent area of education. He entered this a skilled politico and left a skilled sceptic. His final retirement from both education and politics was welcomed by all, not least himself. In this book we learn about what there was in his life and background to make him into one of the most polemical journalists to emerge in the post-war years ‘No great task considering what there is really’ said Mclean when confronted with that observation. ‘I only write what I've done, or didn’t do at that.’ Friend or foe notwithstanding, this book is about the times in which Mclean has so far lived, along with lots of you out there. He says it’s fairly true as well. Or at least honest.

A River Runs Through It and Other Stories, Twenty-fifth Anniversary Edition Norman Maclean 2009-08-14 Just as Norman Maclean writes at the end of “A River Runs through It” that he is “haunted by waters,” so have readers been haunted by his novella. A retired English professor who began writing fiction at the age of 70, Maclean produced what is now recognized as one of the classic American stories of the twentieth century. Originally published in 1976, A River Runs through It and Other Stories now celebrates its twenty-fifth anniversary, marked by this new edition that includes a foreword by Annie Proulx. Maclean grew up in the western Rocky Mountains in the first decades of the twentieth century. As a young man he worked many summers in logging camps and for the United States Forest Service. The two novellas and short story in this collection are based on his own experiences—the experiences of a young man who found that life was only a step from art in its structures and beauty. The beauty he found was in reality, and so he leaves a careful record of what it was like to work in the woods when it was still a world of horse and hand and foot, without power saws, “cats,” or four-wheel drives. Populated with drunks, loggers, card sharks, and whores, and set in the small towns and surrounding trout streams and mountains of western Montana, the stories concern themselves with the complexities of fly fishing, logging, fighting forest fires, playing cribbage, and being a husband, a son, and a father. By turns raunchy, poignant, caustic, and elegiac, these are superb tales which express, in Maclean’s own words, “a little of the love I have for the earth as it goes by.” A first offering from a 70-year-old writer, the basis of a top-grossing movie, and the first original fiction published by the University of Chicago Press, A River Runs through It and Other Stories has sold more than a million copies. As Proulx writes in her foreword to this new edition, “In 1990 Norman Maclean died in body, but for hundreds of thousands of readers he will live as long as fish swim and books are made.”

More Than Forever (2015) Jay McLean 2014-07-10 Series reading order: More Than This (Book one) More Than Her (Book two) More Than Him (Book three) LUCY: There is a love so fierce it cannot be measured. A heart so strong it will never slow. There is a promise so sure it can never lie. He promised me that love forever. Even when it wasn't enough. -CAMERON- Forever. Everlasting. Eternal. There is no measure of time. No sounds of the ticking of a clock. Just the rising and falling of the sun. And our own sense of forever. But our forever isn’t always.

More Than This Jay McLean 2015-01-13 When a distressing discovery on her prom night is followed by devastating tragedy, Mikayla finds herself turning to Jake, a boy she barely knows.

Corrupt Cities 2000 Much of the devastation caused by the recent earthquake in Turkey was the result of widespread corruption between the construction industry and government officials. Corruption is part of everyday public life and we tend to take it for granted. However, preventing corruption helps to raise city revenues, improve service delivery, stimulate public confidence and participation, and win elections. This book is designed to help citizens and public officials diagnose, investigate and prevent various kinds of corrupt and illicit behaviour. It focuses on systematic corruption rather than the free-lance activity of a few law-breakers, and emphasises practical preventive measures rather than purely punitive or moralistic campaigns.

Cured Jeffrey Rediger, M.D. 2020-02-04 When it comes to disease, who beats the odds — and why? When it comes to spontaneous healing, skepticism abounds. Doctors are taught that “miraculous” recoveries are flukes, and as a result they don’t study those cases or take them into account when treating patients. Enter Dr. Jeff Rediger, who has spent over 15 years studying spontaneous healing, pioneering the use of scientific tools to investigate recoveries from incurable illnesses. Dr. Rediger’s research has taken him from America’s top hospitals to healing centers around the world—and along the way he’s uncovered insights into why some people beat the odds. In Cured, Dr. Rediger diggs down to the root causes of illness, showing how to create an environment that sets the stage for healing. He reveals the patterns behind healing and lays out the physical and mental principles associated with recovery: first, we need to physically heal our diet and our immune systems. Next, we need to mentally heal our stress response and our identities. Through rigorous research, Dr. Rediger shows that much of our physical reality is created in our minds. Our perception changes our experience, even to the point of changing our physical bodies—and thus the healing of our identity may be our greatest tool to recovery. Ultimately, miracles only contradict what we
know of nature at this point in time. Cured leads the way in explaining the science behind these miracles, and provides a first-of-its-kind guidebook to both healing and preventing disease.

... But I'm Not Racist! Kathy Obear 2018-01-09 Deepen your Resolve to Live as a Change Agent for Racial Justice. Who would you be if you were no longer afraid someone would call you racist? What impact could you have if you had proven tools and techniques to create greater racial justice in your organization? For the past two decades as a speaker and an executive coach, Dr. Kathy Obear has helped thousands of whites find the courage to challenge and change the dynamics of racism in their organizations. Do you stay silent and hold back for fear of making a mistake? Or making things worse? Are there times you want to speak up, but don't know how to interrupt racist dynamics or organizational practices? Do you sometimes feel alone, like you are the only one raising issues about racial justice in your organization? Through engaging stories and concrete examples and tools, Kathy shares her own personal struggles and the common challenges many whites face as they work to create more equitable, inclusive organizations. Find practical skills and strategies to move through your fear of being called racist and learn to: Speak up with greater confidence and clarity - and successfully move towards deepening and facilitating change Stop feeling so alone and isolated Respond effectively when colleagues call you racist or criticize your efforts Develop powerful partnerships to create meaningful change in your organization Read this book and find the inspiration and tools to deepen your resolve to live your values every day as a change agent for racial justice.

The Perfect Neighborhood Liz Alterman 2022-07-12 Liz Alterman’s engrossing novel is a thought-provoking read about the dark side of suburbia and the secrets of close-knit communities, perfect for fans of Joshua Jackson. When actress and model Allison Langley leaves her former rockstar husband, Christopher, in the middle of the night, it’s all her Oak Hill neighbors can talk about. The gossip comes to an abrupt halt when five-year-old Billy Barnes goes missing from his kindergarten. Billy’s mother, Rachel, blames herself for being at work and letting her only child walk alone. Cassidy, Billy’s teenage babysitter, was also late to arrive on the afternoon he disappeared and he disappeared. As the clock ticks down, police are unable to find any trace of Billy, forcing Rachel to ponder the enemies she’s made in their well-off suburb. Could it be her neighbors who stole her son? Would they abduct Billy to hurt her? Will they be able to find the two children, or will it be too late? What secrets lie at the heart of this tragedy, and how far will one go to keep those dangerous secrets buried?

Scots at School Northcroft David Northcroft 2019-08-06 What is the defining Scottish experience? The Kirk, Scots Law, Hampden Park? There are several contenders, but school is the universal and enduring one. Stories and myths have clustered around its chief features:*Pupils as lads o’ pairts.*Teachers as domanies.*The democratic intellect.*The village skweel.*Hard work, getting on and the power of the tawse.*Academic excellence and ‘sticking in’. Telling the tale of Scotland’s educational experience over the past two centuries as a speaker and an executive coach, David Northcroft has helped thousands of whites find the courage to challenge and change the dynamics of racism in their organizations. Through engaging stories and concrete examples and tools, Kathy shares her own personal struggles and the common challenges many whites face as they work to create more equitable, inclusive organizations. Find practical skills and strategies to move through your fear of being called racist and learn to: Speak up with greater confidence and clarity - and successfully move towards deepening and facilitating change Stop feeling so alone and isolated Respond effectively when colleagues call you racist or criticize your efforts Develop powerful partnerships to create meaningful change in your organization Read this book and find the inspiration and tools to deepen your resolve to live your values every day as a change agent for racial justice.

We Bled Together Dominic Price 2017-11-10 There is no crime in detecting and destroying in wartime the spy and informer...I have paid them back in their own coin. - Michael CollinsMichael Collins' development of a formidable intelligence network transformed, for the first time in history, the military fortunes of the Irish against the British. The Dublin Brigade of the IRA was pivotal to this defining strategy. In 1919, Collins formed members of the brigade into two Special Duties Units. They eventually joined to form his 'Squad' of assassins tasked with immobilising British intelligence. Eyewitness testimonies and war diaries lend immediacy and insight to this thrilling account of the daring espionage and killings carried out by both sides on Dublin's streets. Dominic Price reveals how the IRA developed Improved Explosive Devices, and experimented with chemical weapons in the form of poison gas and infecting water supplies.When the Civil War erupted, the devotion of a significant cohort of the Dublin Brigade to Collins, forged during the darkest of days, was unbreakable. Many of them, identified here for the first time, formed the backbone of the Free State in key intelligence and military roles. While not shying away from the revulsions of the Civil War, neither does Price abandon the brigade's story at its conclusion. As well as revealing the disenchantment of some, who took part in the 1924 army mutiny, he exposes the personal horrors that awaited in peacetime, when psychological trauma was common. This is the stirring and poignant story of the human endeavour and suffering that accompanied the Dublin Brigade's fight for Irish freedom.

The Shadow of a Dream Molly Lavenza 2019-08-29 “Captured my attention from the very first page.” Perfect for fans of Frewin Jones’ The Faerie Path and Aprilynne Pike’s Wings series! Have you ever learned a secret about yourself that could change your life forever? When a mysterious and handsome boy showed up at my high school, all the girls wanted his attention. But who did he approach? Plain, less-than-ordinary me! Words like changeling and dreamseer made my head spin as Declan, who claims to be my protector, tried to convince me that I’m actually a creature from the faerie realm, switched at birth with a human infant who is the true child of my parents. Should I follow Declan’s lead to discover the truth? How can I not? *this book ends on a cliffhanger*

Hopeless But Not Serious Jack McLean 1996 This autobiography of Jack McLean chronicles the business
of growing up in Glasgow in the immediate post-war years, the rock'n'roll era of the Fifties, his time in London at the height of flower power, the days of student revolution in the course of which he was sometimes confidant to the then Labour Front Bench, and not a few government people as well. He courses through politics, education, literary days, sex and drugs and playing the blues.

**Crashed** Adam Tooze 2019-08-27 WINNER OF THE LIONEL GELBER PRIZE A NEW YORK TIMES NOTABLE BOOK OF 2018 ONE OF THE ECONOMIST'S BOOKS OF THE YEAR A NEW YORK TIMES CRITICS' TOP BOOK "An intelligent explanation of the mechanisms that produced the crisis and the response to it...One of the great strengths of Tooze’s book is to demonstrate the deeply intertwined nature of the European and American financial systems."--The New York Times Book Review From the prizewinning economic historian and author of *Shutdown* and *The Deluge*, an eye-opening reinterpretation of the 2008 economic crisis (and its ten-year aftermath) as a global event that directly led to the shockwaves being felt around the world today. We live in a world where dramatic shifts in the domestic and global economy command the headlines, from rollbacks in US banking regulations to tariffs that may ignite international trade wars. But current events have deep roots, and the key to navigating today’s roiling policies lies in the events that started it all—the 2008 economic crisis and its aftermath. Despite initial attempts to downplay the crisis as a local incident, what happened on Wall Street beginning in 2008 was, in fact, a dramatic caesura of global significance that spiraled around the world, from the financial markets of the UK and Europe to the factories and dockyards of Asia, the Middle East, and Latin America, forcing a rearrangement of global governance.

With a historian’s eye for detail, connection, and consequence, Adam Tooze brings the story right up to today’s negotiations, actions, and threats—a much-needed perspective on the events that started it all—the 2008 economic crisis and its aftermath. Despite initial attempts to downplay the crisis as a local incident, what happened on Wall Street beginning in 2008 was, in fact, a dramatic caesura of global significance that spiraled around the world, from the financial markets of the UK and Europe to the factories and dockyards of Asia, the Middle East, and Latin America, forcing a rearrangement of global governance. *The Bedside Urban Voltaire* Jack McLean 2013-08-21 Jack McLean - aka The Urban Voltaire - was one of the most original columnists in the Scottish press. In the 1980s and 1990s he became an institution with a loyal readership as well as a healthy number of opponents and critics. This is a compilation ebook edition of his columns from the Glasgow Herald and The Scotsman and are guaranteed to entertain, enrage and shock in equal measure depending on your outlook. Very few subjects escaped McLean’s distinctive penmanship over those two decades: education, sport, religion, food and women all find a place in the mix. His writing moves speedily from affectionate reverie in one paragraph to scathing wit the next leaving some readers laughing at one moment and setting with indignation the next. McLean is one of modern journalism’s great stylists, a proponent of the written word and remains one of Glasgow’s most recognisable icons. Above all he is still great company.

*Loon* Jack McLean 2009-05-19 “Kids like me didn’t go to Vietnam,” writes Jack McLean in his compulsively readable memoir. Raised in suburban New Jersey, he attended the Phillips Academy in Andover, MA, but decided to put college on hold. After graduation in the spring of 1966, faced with the mandatory military draft, he enlisted in the United States Marine Corps for a two-year stint. “Vietnam at the time was a country, and not yet a war,” he writes. It didn’t remain that way for long. A year later, after boot camp at Parris Island, South Carolina, and stateside duty in Barstow, California, the Vietnam War was reaching its peak. McLean, like most available Marines, was retrained at Camp Pendleton, California, and sent to Vietnam as a grunt to serve in an infantry company in the northernmost reaches of South Vietnam.

McLean’s story climaxes with the horrific three-day Battle for Landing Zone Loon in June, 1968. Fought on a remote hill in the northwestern corner of South Vietnam, McLean bore witness to the horror of war and was forever changed. He returned home six weeks later to a country largely ambivalent to his service. Written with honesty and insight, *Loon* is a powerful coming-of-age portrait of a boy who bears witness to some of the most tumultuous events in our history, both in Vietnam and back home.

**The Lady Hellion** Joanna Shupe 2015-05 Lady Sophia Barnes is on a mission to protect the employees of Madame Hartley’s brothel, something much easier done dressed as a man. But she needs the help of Damien Beecham, a man who broke her heart long ago, and who still has feelings for Sophia. From the concert stage to the dressing room, from the recording studio to the digital realm, whether covering what’s new or what’s next, SPIN is your monthly VIP pass to all that rocks.
