**The Man Who Loved Books Too Much** Allison Hoover Bartlett 2009-09-17 In the tradition of The Orchid Thief, a compelling narrative set within the strange and genteel world of rare-book collecting: the true story of an infamous book thief, his victims, and the man determined to catch him. Rare-book theft is even more widespread than fine-art theft. Most thieves, of course, steal for profit. John Charles Gilkey steals purely for the love of books. In an attempt to understand him better, journalist Allison Hoover Bartlett plunged herself into the world of book lust and discovered just how dangerous it can be. John Gilkey is an obsessed, unrepentant book thief who has stolen hundreds of thousands of dollars worth of rare books from book fairs, stores, and libraries around the country. Ken Sanders is the self-appointed “bibliodick” (book dealer with a penchant for detective work) driven to catch him. Bartlett befriended both outlandish characters and found herself caught in the middle of efforts to recover hidden treasure. With a mixture of suspense, insight, and humor, she has woven this entertaining cat-and-mouse chase into a narrative that not only reveals exactly how Gilkey pulled off his dirtiest crimes, where he stashed the loot, and how Sanders ultimately caught him but also explores the romance of books, the lure to collect them, and the temptation to steal them. Immersing the reader in a rich, wide world of
literary obsession, Bartlett looks at the history of book passion, collection, and theft through the ages, to examine the craving that makes some people willing to stop at nothing to possess the books they love. At 1,200 kilometers in length, the trail includes 88 temples and passes through diverse countryside such as idyllic bamboo groves, deserted beaches and ordinary Japanese neighborhoods. John Lander, long-time resident of Japan, author and photographer, has visited and recorded every temple in evocative images, as well as providing fascinating details about the origin of the trail and what the pilgrimage means to the thousands who undertake it every year. birthright, an ominous forecast for its most recent progeny, Ava Lavender. Ava — in all other ways a normal girl — is born with the wings of a bird. In a quest to understand her peculiar disposition and a growing desire to fit in with her peers, sixteen-year old Ava ventures into the wider world, ill-prepared for what she might discover and naive to the twisted motives of others. Others like the pious Nathaniel Sorrows, who mistakes Ava for an angel and whose obsession with her grows until the night of the summer solstice celebration. That night, the skies open up, rain and feathers fill the air, and Ava’s quest and her family’s saga build to a devastating crescendo. First-time author Leslye Walton has constructed a layered and unforgettable mythology of what it means to be born with hearts that are tragically, exquisitely human.

Full House
Stephen Jay Gould 2011-10-01
Gould shows why a more accurate way of understanding our world is to look at a given subject
within its own context, to see it as a part of a spectrum of variation and
then to reconceptualize trends as expansion or contraction of this “full
house” of variation, and not as the progress or degeneration of an
average value, or single thing.

Perfect for fans of Morgan Matson and Jenny Han, this latest from YA contemporary queen Kasie
West is an adorable rom-com loosely inspired by Sleepless in Seattle.
Talking to other people isn’t Kate Bailey’s favorite activity. She’d much
rather be out on the lake, soaking up the solitude and sunshine. So when
her best friend, Alana, convinces Kate to join their high school’s podcast,
Kate is not expecting to be chosen as the host. Now she’ll have to answer
calls and give advice on the air? Impossible. But to Kate’s surprise, she
turns out to be pretty good at the hosting gig. Then the podcast gets in a call from an anonymous guy, asking for advice about his unnamed crush. Kate is pretty sure that the caller is gorgeous Diego Martinez, and even surer that the girl in question is Alana. Kate is excited for her friend... until Kate herself starts to develop feelings for Diego. Suddenly, Kate finds that while doling out wisdom to others may be easy, asking for help is tougher than it looks, and following your own advice is even harder. Kasie West's adorable story of secrets, love, and friendship is sure to win over hearts everywhere.

**Churning the Earth** Aseem Shrivastava 2012-05-24 The world stands so dazzled by India's meteoric economic rise that we hesitate to acknowledge its consequences to the people and the environment. In Churning the Earth, Aseem Shrivastava and Ashish Kothari engage in a timely enquiry of this impressive growth story. They present incontrovertible evidence on how the nature of this recent growth has been predatory and question its sustainability. Unfettered development has damaged the ecological basis that makes life possible for hundreds of millions resulting in conflicts over water, land and natural resources, and increasing the chasm between the rich and the poor, threatening the future of India as a civilization. Rich with data and stories, this eye-opening critique of India's development strategy argues for a radical ecological democracy based on the principles of environmental sustainability, social equity and livelihood security. Shrivastava and Kothari urge a fundamental shift towards such alternatives—already emerging from a range of grassroots movements—if we are to forestall the descent into socio-ecological chaos. Churning the Earth is unique in presenting not only what is going wrong in India, but also the ways out of the crises that globalised growth has precipitated.

**The Day of Judgment** Salvatore Satta 2016-04-07 At precisely nine o'clock, as he did every evening, Don Sebastiano Sanna Carboni pushed back his armchair, carefully folded the newspaper which he had read to the very last line, tidied up the little things on his desk, and prepared to go down to the isolated Sardinian town of Nuoro, the aristocratic notary Don Sebastiano Sanna reflects on his life, his family's history and the fortunes of this provincial backwater where he has lived out his days. 

**By Your Side** Kasie West 2017-01-31 An irresistible story from Kasie West that explores the timeless question: What do you do when you fall for the person you least expect? When Autumn Collins finds herself accidentally locked in the library for an entire weekend, she doesn't think things could get any worse. But that's before she realizes that Dax Miller is locked in with her. Autumn doesn't know much about Dax except that he's trouble. Between the rumors about the fight he was in (and that brief stint in juvie that followed it) and his reputation as a loner, he's not exactly the ideal person to be stuck with. Still, she just keeps reminding herself that it is only a matter of time before Jeff, her almost-boyfriend, realizes he left her in the library and comes to rescue her. Only he doesn't come. No one does. Instead it becomes clear that Autumn is going to have to spend the next couple of days living off vending-machine food and making conversation with a boy who clearly wants nothing to do with her. Except there is more to Dax than meets the eye. As he and Autumn at first grudgingly, and then not so grudgingly, open up to each other, Autumn is struck by their surprising connection. But can their feelings for each other survive once the weekend is over and Autumn's old life, and old love interest, threaten to pull her from Dax's side?

Show Them a Good Time

Nicole Flattery 2020-01-28

"Show Them a Good Time is a master class in the short story-bold, irreverent and agonizingly funny." Sally Rooney, Author of Normal People and Conversations with Friends Named A Most Anticipated Novel of 2020 by Entertainment Weekly * Marie Claire * Wall Street Journal * The A.V. Club * The Millions * Time * Parade * The Chicago Review of Books * LitHub A blisteringly original and wickedly funny collection of stories about the strange worlds that women inhabit and the parts that they must play. A sense of otherworldly menace is at work in the fiction of Nicole Flattery, but the threats are all too familiar. SHOW THEM A GOOD TIME tells the stories of women slotted away into restrictive roles: the celebrity's girlfriend, the widower's second wife, the lecherous professor's student, the corporate employee. And yet, the genius of Flattery's characters is to blithely demolish the boundaries of these limited and limiting social types with immense complexity and caustic intelligence. Nicole Flattery's women are too ferociously mordant, too painfully funny to remain in their places. In this fiercely original and blazingly brilliant debut, Flattery likewise deconstructs the conventions of genre to serve up strange realities: In Not the End Yet, Flattery probes the hilarious and wrenching ambivalence of Internet dating as the apocalypse nears; in Sweet Talk, the mysterious disappearance of a number of local women sets the scene for a young girl to confront the dangerous uncertainties of her own sexuality; in this collection's center piece, Abortion, A Love Story, two college students in a dystopian campus reconfigure the perilous stories of their bodies in a fraught academic culture to offer a subversive, alarming, and wickedly funny play that takes over their own offstage lives. And yet, however surreal or richly imagined the setting, Flattery always shows us these strange worlds from startlingly unexpected angles, through an unforgettable cast of brutally honest, darkly hilarious women and girls. Like the stories of Mary Gaitskill, Miranda July, Lorrie Moore, Joy Williams, and Ottessa Moshfegh, SHOW THEM A GOOD TIME is the work of a profoundly resonant and revelatory literary voice – at once spiky, humane, achingly hilarious-- that is sure to echo through the literary culture for decades to come.

The Unhappening of Genesis Lee

Shallee McArthur 2014-11-18

“Equal parts dark and delightful, McArthur’s stunning debut takes an awesome SF premise and follows it deep into the maze of the human mind.” —Dan Wells, New York Times–bestselling author What would it feel like to never forget? Or to have a memory stolen? Seventeen-year-old Genesis Lee has never forgotten anything. As one of the Mementi—a small group of genetically enhanced humans—Gena remembers everything with the help of her Link bracelets, which preserve them perfectly. But Links can be stolen, and six people have already lost their lives to a memory thief, including Gena’s best friend. Anyone could be next. That’s why Gena is less than pleased to meet a strange but charming boy named Kalan who...
claims not only that they have met before, but also that Gena knows who
the thief is. The problem is that Gena doesn’t remember Kalan, she
doesn’t remember seeing the thief, and she doesn’t know why she’s
forgetting things—or how much else she might forget. As growing
tensions between Mementi and ordinary humans drive the city of
Havendale into chaos, Gena and Kalan team up to search for the thief.
And as Gena loses more memories, they realize they have to solve the
mystery fast . . . because Gena’s life is unhappening around her. “For

you’ve fallen for your best friend? Funny and romantic, this effervescent
story about family, friendship, and finding yourself is perfect for fans of
Sarah Dessen and Jenny Han. Seventeen-year-old Abby Turner’s summer

change her art if she isn’t first willing to change herself.
