The north and the west and the south are good hunting ground, but it is forbidden to go east. It is forbidden to go to any of the Dead Places except to search for metal and then he who touches the metal must be a priest or the son of a priest. Afterwards, both the man and the metal must be purified. These are the rules and the laws; they are well made. It is forbidden to cross the great river and look upon the place that was the Place of the Gods-this is most strictly forbidden. We do not even say its name though we know its name. It is there that spirits live, and demons-it is there that there are the ashes of the Great Burning. These things are
forbidden- they have been forbidden since the beginning of time.

**Fifth Chinese Daughter** Jade Snow Wong 2019-12-23 Jade Snow Wong’s autobiography portrays her coming-of-age in San Francisco's Chinatown, offering a rich depiction of her immigrant family and her strict upbringing, as well as her rebellion against family and societal expectations for a Chinese woman. Originally published in 1950, Fifth Chinese Daughter was one of the most widely read works by an Asian American author in the twentieth century. The US State Department even sent its charismatic young author on a four-month speaking tour throughout Asia. Cited as an
influence by prominent Chinese American writers such as Amy Tan and Maxine Hong Kingston, Fifth Chinese Daughter is a foundational work in Asian American literature. It was written at a time when few portraits of Asian American life were available, and no similar works were as popular and broadly appealing. This new edition includes the original illustrations by Kathryn Uhl and features an introduction by Leslie Bow, who critically examines the changing reception and enduring legacy of the book and offers insight into Wong's life as an artist and an ambassador of Chinese American culture.

The Yellow Wallpaper Charlotte Perkins Gilman 2009-08-01 Charlotte Perkins Gilman's 1892 short story, The Yellow Wallpaper is a valuable piece of American feminist literature that reveals attitudes toward the psychological health of women in the nineteenth century. Diagnosed with "temporary nervous depression - a slight hysterical tendency" by her physician husband, a woman is confined to an upstairs bedroom. Descending into psychosis at the complete lack of stimulation, she starts obsessing over the room's yellow wallpaper: "It is the strangest yellow, that wall-
paper! It makes me think of all the yellow things I ever saw - not beautiful ones like buttercups, but old foul, bad yellow things. But there is something else about that paper - the smell! ... The only thing I can think of that it is like is the color of the paper! A yellow smell."

**The Woman Warrior** Maxine Hong Kingston 2010-09-01 NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. “A classic, for a reason” – Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother’s “talk stories.” The fierce and wily women warriors of her mother’s tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston’s sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family’s past and her own present.

Paine used his deistic beliefs to galvanize the revolutionaries, for example by claiming that the British are trying to assume the powers of God and that God would support the American colonists. ANTHEM Ayn Rand 2021-01-01 Hailed by The New York Times as "a compelling dystopian look at paranoia from one of the most unique and perceptive writers of our time," this brief, captivating novel offers a cautionary tale. The story unfolds within a society in which all traces of individualism have been eliminated from every aspect of life — use of the word "I" is a capital offense. The hero, a rebel who discovers that man's greatest moral duty is the pursuit of his own happiness, embodies the values the author embraced in her personal philosophy of objectivism: reason, ethics, volition, and individualism. Anthem anticipates the themes Ayn Rand explored in her later masterpieces, The Fountainhead and Atlas Shrugged. Publisher's Weekly
acclaimed it as "a diamond in the rough, often dwarfed by the superstar company it keeps with the author's more popular work, but every bit as gripping, daring, and powerful." Anthem is a dystopian fiction novella by Ayn Rand, written in 1937 and first published in 1938 in England. It takes place at some unspecified future date when mankind has entered another dark age characterized by irrationality, collectivism, and socialist thinking and economics. Technological advancement is now carefully planned (when it is allowed to occur at all) and the concept of individuality has been eliminated.

**The Most Dangerous Game**

Richard Connell 2021-01-01

♥♥ The Most Dangerous Game by Richard Connell ♥♥ The Most Dangerous Game, also published as The Hounds of Zaroff, is a short story by Richard Connell first published in Collier's magazine on January 19, 1924. It features a big-game hunter from New York who falls off a yacht and swims to an isolated island in the Caribbean where he is hunted by a Cossack aristocrat. The story is an adaptation of the big-game hunting safaris in
Africa and South America that were fashionable among wealthy Americans in the 1920s. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Big-game hunter Sanger Rainsford and his friend, Whitney, are traveling to the Amazon rainforest for a jaguar hunt. After a discussion about how they are "the hunters" instead of "the hunted," Whitney goes to bed and Rainsford hears gunshots. He climbs onto the yacht's rail and accidentally falls overboard, swimming to ShipTrap Island, which is notorious for shipwrecks. On the island, he finds a palatial chateau inhabited by two Cossacks: the owner, General Zaroff, and his gigantic deaf-mute servant, Ivan. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ Zaroff, another big-game hunter, knows of Rainsford from his published account of hunting snow leopards in Tibet. Over dinner, the middle-aged Zaroff explains that although he has been hunting animals since he was a boy, he has decided that killing big-game has become boring for him, so after escaping the Russian Revolution he moved to Ship- Trap Island and set it up to trick ships into wrecking themselves on the jagged rocks that surround it. He takes the survivors captive and hunts them for sport, giving them food, clothing, a knife, and a three-hour head start, and using only a small-caliber pistol for himself. Any captives who can elude Zaroff, Ivan, and a pack of hunting dogs for three days are set free. He reveals that he has won every hunt to date. Captives are offered a choice between being hunted or turned over to Ivan, who once served as official knouter for The Great White Czar. Rainsford denounces the hunt as barbarism, but Zaroff replies by claiming that "life is for the strong." Realizing he has no way out, Rainsford reluctantly agrees to be hunted. During his head start, Rainsford lays an intricate trail in the forest and then climbs a tree. Zaroff finds him easily, but decides to play with him as a cat would with a mouse, standing underneath.
the tree Rainsford is hiding in, smoking a cigarette, and then abruptly departing. ♥♥ The Most Dangerous Game by Richard Connell ♥♥ After the failed attempt at eluding Zaroff, Rainsford builds a Malay man-catcher, a weighted log attached to a trigger. This contraption injures Zaroff's shoulder, causing him to return home for the night, but he shouts his respect for the trap before departing. The next day Rainsford creates a Burmese tiger pit, which kills one of Zaroff's hounds. He sacrifices his knife and ties it to a sapling to make another trap, which kills Ivan when he stumbles into it. To escape Zaroff and his approaching hounds, Rainsford dives off a cliff into the sea; Zaroff, disappointed at Rainsford's apparent suicide, returns home. Zaroff smokes a pipe by his fireplace, but two issues keep him from the peace of mind: the difficulty of replacing Ivan and the uncertainty of whether Rainsford perished in his dive.

The Philosophy of Composition Edgar Allan Poe

"The Philosophy of Composition" is an essay by Edgar Allan Poe. Edgar Allan Poe (born Edgar Poe; January 19, 1809 - October 7, 1849) was an American author, poet, editor, and literary critic, considered part of the American Romantic Movement. Best known for his tales of mystery and the macabre, Poe was one of the earliest American practitioners of the short story, and is generally considered the inventor of the detective fiction genre. He is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Born in Boston, he was the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan, of Richmond, Virginia. Although they never formally adopted him, Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for one semester but left due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time his publishing career began, albeit humbly, with an anonymous collection of poems, Tamerlane and Other Poems (1827), credited only to "a Bostonian." With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. Later failing as an officer's cadet at West Point and declaring a firm wish to be a poet and writer, Poe parted ways with John Allan. Poe
switched his focus to prose and spent the next several years working for literary journals and periodicals, becoming known for his own style of literary criticism. His work forced him to move among several cities, including Baltimore, Philadelphia, and New York City. **The Bet** Anton Pavlovich Chekhov 2013-11 Anton Pavlovich Chekhov, (29 January 1860 – 15 July 1904) was a Russian physician, dramaturge and author who is considered to be among the greatest
writers of short stories in history. His career as a dramatist produced four classics and his best short stories are held in high esteem by writers and critics. Chekhov practised as a medical doctor throughout most of his literary career: "Medicine is my lawful wife", he once said, "and literature is my mistress." Chekhov renounced the theatre after the disastrous reception of The Seagull in 1896, but the play was revived to acclaim in 1898 by Constantin Stanislavski's Moscow Art Theatre, which subsequently also produced Chekhov's Uncle Vanya and premiered his last two plays, Three Sisters and The Cherry Orchard. These four works present a challenge to the acting ensemble as well as to audiences, because in place of conventional action Chekhov offers a "theatre of mood" and a "submerged life in the text." Chekhov had at first written stories only for financial gain, but as his artistic ambition grew, he made formal innovations which have influenced the evolution of the modern short story. His originality consists in an early use of the stream-of-consciousness technique, later adopted by James Joyce and other modernists, combined with a disavowal of the moral finality of traditional story structure. He made no apologies for the difficulties this posed to readers, insisting that the role of an artist was to ask questions, not to answer them. Always modest, Chekhov could hardly have imagined the extent of his posthumous reputation. The ovations for the play, The Cherry Orchard, in the year of his death showed him how high he had risen in the affection of the Russian public—by then he was second in literary celebrity only to Tolstoy, who outlived him by six years—but after his death, Chekhov's fame soon spread further afield. Constance Garnett's translations won him an English-language readership and the admiration of writers such as James Joyce, Virginia Woolf, and Katherine Mansfield.
surrounding the close similarities between Mansfield’s 1910 story "The Child Who Was Tired" and Chekhov’s "Sleepy" are summarised in William H. New’s Reading Mansfield and Metaphors of Reform. The Russian critic D.S. Mirsky, who lived in England, explained Chekhov’s popularity in that country by his "unusually complete rejection of what we may call the heroic values." In Russia itself, Chekhov’s drama fell out of fashion after the revolution but was later adapted to the Soviet agenda, with the character Lopakhin, for example, reinvented as a hero of the new order, taking an axe to the cherry orchard. One of the first non-Russians to praise Chekhov’s plays was George Bernard Shaw, who subtitled his Heartbreak House "A Fantasia in the Russian Manner on English Themes" and noted similarities between the predicament of the British landed class and that of their Russian counterparts as depicted by Chekhov: "the same nice people, the same utter futility."

The Oval Portrait
Edgar Allan Poe 2021-09-06
Perhaps fitting for a horror short story, the devil is in the details in Poe’s "The Oval Portrait" (1842). A benighted traveller finds...
shelter in an abandoned mansion in the Apennine Mountains of Italy. Inside he gets absorbed by a stunning painting and decides to delve into its origins with the help from a book he finds on a pillow. The story revolves around the complex and often tragic relationship between life and art. As per usual Poe can’t help himself to play with layers, and most of the story is told as an embedded narrative. The intense emotional and psychological depths of the narrator’s infatuation with the portrait and the enticing volume that helps to shed a light on the painting make this short story another fascinating and haunting and Poesque tale which succinctly glorifies the immortality of art. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include 'The Raven' (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

The Curious Incident of the Dog in the Night-Time

Mark Haddon

2009-02-24

A bestselling modern classic—both poignant and funny—narrated by a fifteen year old autistic savant.
obsessed with Sherlock Holmes, this dazzling novel weaves together an old-fashioned mystery, a contemporary coming-of-age story, and a fascinating excursion into a mind incapable of processing emotions. Christopher John Francis Boone knows all the countries of the world and their capitals and every prime number up to 7,057. Although gifted with a superbly logical brain, Christopher is autistic. Everyday interactions and admonishments have little meaning for him. At fifteen, Christopher’s carefully constructed world falls apart when he finds his neighbour’s dog Wellington impaled on a garden fork, and he is initially blamed for the killing. Christopher decides that he will track down the real killer, and turns to his favourite fictional character, the impeccably logical Sherlock Holmes, for inspiration. But the investigation leads him down some unexpected paths and ultimately brings him face to face with the dissolution of his parents’ marriage. As Christopher tries to deal with the crisis within his own family, the narrative draws readers into the workings of Christopher’s mind. And herein lies the key to the brilliance of Mark Haddon’s choice of narrator: The most wrenching of emotional moments are chronicled by a boy who cannot fathom emotions. The effect is dazzling, making for one of the freshest debuts in years: a comedy, a tearjerker, a mystery story, a novel of exceptional literary merit that is great fun to read.

**A Room of One's Own** Virginia Woolf 2020-10-12 In October 1928 Virginia Woolf was asked to deliver speeches at Newnham and Girton Colleges on the subject of 'Women and Fiction'; she spoke about her conviction that 'a woman must have money and a room of her own if she is to write fiction'. The following year, the two speeches were published as A Room of One’s Own, and became one of the foremost feminist texts. Knitted into a polished argument are several threads of great importance – women and learning, writing and poverty – which helped to establish much of feminist thought on the importance of education and money for women’s independence. In the same breath, Woolf brushes aside critics and sends out a call for solidarity and independence – a call which sent ripples well into the next century. 'Brilliant interweaving of personal experience, imaginative musing and political clarity' — Kate Mosse, The Guardian 'Probably the most influential piece of non-fictional writing by a woman in this century.' — Hermione Lee, The Financial Times

Who Would Have Thought It? María Ruiz de Burton 2022-05-17 "Who Would Have Thought It?" details the struggles of a Mexican-American girl born in Indian captivity, Lola, in an American society obsessed with class, religion, race and gender. The first part of the book follows the central family in the years leading up to the start of the American Civil War and the attack on Fort Sumter (1857–1861), and flashbacks are meant to take the readers back further than that timeline, such as the kidnapping of Lola's mother in 1846. The second part chronicles the events that took place during the Civil War (1861–1864). Each chapter focuses on a particular character and is told from an omniscient point of view. Who Would Have Thought It? is a semi-autobiographical novel written by María Ruiz de Burton and it reflects the author's ambiguous position between the small in number Californio elite and the Anglo-American populace, which form the majority of the United States population.
